Hi, I am MD. Sozib Hossain. I am a **Junior MERN Stack Developer**. I believe that I am fit for this job, I have completed 6 projects on Fiverr marketplaces and 4 outside of marketplaces and 27 small assignments personally, as I have a ton of prior experience in web development from the Front End point of view and am well-versed in coding for both Single Page Applications and larger multiple paged Websites using JavaScript, react JS, Next JS, React Native, Redux, WordPress, Material UI, Bootstrap, HTML, CSS, SASS, MongoDB, Mongoose, Node JS, Heroku, Express JS, Payment Gateway System, Netlify, VS Code Editor, Chrome Dev tool, PSD, Figma, Github Jira, Git. I have also been projected as the MERN stack Web Developer at programming-hero.com for 6 months, where I have developed multiple pages for the website. I can efficiently create responsive, cross-browser-compatible websites using any required web technology.
